PROFESSIONAL SUMMARY

Passionate Frontend Developer with a solid background in Computer Science and IoT.

Dedicated to building high-performance, responsive web applications with a focus on clean code and user-centric design.

Skilled in transforming complex designs into functional, scalable digital experiences.

EDUCATION

- **Diploma in IoT** (2023)
- **FSc Computer Science** (2023)
- **Matric Science** (2021)

KEY PROJECTS

- **Personal Portfolio Website** (React.js & Tailwind CSS)
Developed a fully responsive, modern portfolio to showcase development projects and skills. Optimized for SEO and mobile performance.
- **E-Commerce Interface** (Next.js & Tailwind CSS)
Built a dynamic storefront featuring real-time product filtering, search functionality, and a smooth checkout flow.
- **Weather Dashboard** (JavaScript & API Integration)
Created an interactive dashboard that fetches and visualizes live weather data using external APIs.
